BENEFIT FROM THE CENTER FOR ETHNIC ECONOMICS (ZEÖ)

YOU AND YOUR COMPANY – YOU AND YOUR ENTRY INTO THE PROFESSION

WHO WE ARE AND WHAT WE STAND FOR - THE PHILOSOPHY OF THE CENTER FOR ETHNIC ECONOMICS

The Center for Ethnic Economy (ZEÖ) was launched as a pilot project by the city of Dortmund to support small and micro-enterprises, founders and entrepreneurs as well as school leavers and young professionals with a migrant background in Dortmund in gaining access to the economic and working life in the city. It is important to the partners of ZEÖ to treat entrepreneurs and school leavers from other countries of origin throughout Dortmund with understanding, respect, tolerance and openness.

- We understand you with special language and consulting skills and would like to bring you closer to our individual support offers.
- We are committed to you: Our advice is free of charge and of economic and personal value to you

Of course, the ZEÖ is open to all Dortmund companies that would like to benefit from the potential of cooperation and from the exchange with migrant-run companies.

Your ZEÖ*-Team
